

MAKE IT LAST.

DS55, DURASPIN ATTACHMENT 55MM DEWALT CORDLESS

9Z2012N

The DS55 attachment is a screw fastening attachment that fits different existing screwdrivers in the business. It brings the DuraSpin technology to the tool you already own and trust. The new DuraSpin Auto-Feed attachments turn your standard screwdriver into a collated screw system. No need to buy an entire new tool, this DuraSpin Attachment fits onto different screwdrivers (check if it fits your tool in the more product specific product information). This attachment is helping the user save money while still being able to experience great DuraSpin efficiency. Capable of driving screws diameter 3,5-5,5mm from 25-55mm in length. Ideal for many applications in wood and/or metal.

APPLICATIONS

Drywall, underlayment, sheathing, metal framing
